

## **PUBLIC ANNOUNCEMENT**

### **SEMINAR OF EUROMEDITERANEAN SYSTEM INFORMATION ON WATER (EMWIS)**

The Minister of Agriculture, Natural Resources and Environment declared today 10 May, 2007 in the hotel Cleopatra in the Nicosia the beginning of Seminar on the Euromediterranean System of Information (EMWIS) on water that was co-organised with the Technical Department of EMWIS and the Water Development Department WDD and stressed the following:

The Government of Cyprus recognizing the big importance of distribution of information on water and promotion of collaboration between the Euromediterranean states, but also between the private and governmental sector, supports the EMWIS with each way.

EMWIS is a tool of exchange of information via the internet that it helps in the management of water on national and international level. The National Focal Point for Cyprus is the Water Development Department of the Ministry of Agriculture, Natural Resources and Environment.

The Ministry of Agriculture, Natural Resources and Environment, via WDD aspires in a narrow and harmonious collaboration with the various institutions (as governmental departments, local beginnings, etc) that has direct and indirect relation with water in order to provide information and will always try to promote this collaboration to the interest of all, that they interest to use this information via the web pages of EMWIS.
